### REASONS FOR ALLOWANCE

1. The following is an Examiner's statement of reasons for allowance: Applicants' submission of Remarks on December 16, 2009 was persuasive. The Examiner reviewed and reconsidered Applicants' arguments, particularly the arguments regarding purification of the claimed glycoprotein and found them persuasive. The prior art does not anticipate or make obvious the claimed invention, nor does the combination of references of record describe or suggest the claimed invention. The claimed invention is a contribution over the art. The prior art does not teach the purified glycoprotein comprising the human amino acid primary structure of CD55 and a tumor-specific N-linked glycostructure with a molecular weight of about 82 kD and the process of obtaining the said glycoprotein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Alana M. Harris, Ph.D. whose telephone number is (571)272-0831. The Examiner works a *flexible schedule*, however she can normally be reached 7:30 am to 6:30 pm, Monday through Saturday with alternate Fridays off.
